BY THE COMMISSION:

By written requests for funding received from Antelope County, Public Safety Answering Point, Neligh, seeks funding from the Enhanced Wireless 911 Fund (Fund) for implementing and providing enhanced wireless 911 service.

In its application, Antelope County seeks non-recurring costs in the amount of **\$11,500.00** for the purchase and installation of software necessary for enhanced wireless 911 service. Antelope County has entered into a contract with GeoComm, Inc. (GeoComm) for the purchase, installation, training, and one-year maintenance of GeoLynx software and has provided a copy of the contract with its request for funding.

Antelope County also seeks reimbursement in the amount of **\$8,500.00** for expenses already incurred for the purchase and installation of the existing GeoLynx license.

The Enhanced Wireless 911 Advisory Board considered Antelope County's request at its March 23, 2007 meeting and recommended that the Commission approve payment in the amount of **\$11,500.00** for the additional GeoLynx licenses and reimbursement of **\$8,500.00** for the existing license. All amounts requested are consistent with GeoComm's response to the Commission's RFP. In its contract with GeoComm, Antelope County authorizes the Nebraska Public Service Commission to remit payments directly to the vendor.
